### Pretty Katherine MacDonald Gets Best Role of Career

Social parasites who have wormed their way into the confidence of the unsuspecting Mary Grant, plot to steal the fortune she won at Monte Carlo in "Passions Playground," the first National picture starring Katherine MacDonald and now showing at the Ogden theatre. They drug her in an old chateau and are about to make a getaway with her valuables when Mary's prince happens on the scene. The prince, in a desperate fight, beats the villainous Lord Dauntrey and recovers the jewels. The picture is the film version of the famous book dealing with life at Monte Carlo, "The Guests of Hercules," by C. N. and A. M. Williamson.

### Ogden Woman Writes Story For McClure's

The story, "The Woman in the Samsan," which was featured in the June issue of McClure's magazine, was written by a former Ogden woman, Blanch Howard Wenner. Miss Wenner is well known in this city. She left Ogden a number of years ago to attend Wellesley, from which college she was graduated.

## ROBERTS BEGINS JAIL SENTENCE

Man Who Fought Liquor Con-  
viction Rearrested Today  
On Judge's Order.

After evading the clutches of the law for months during which time he appealed his case to the district court and the supreme court of Utah, James H. Roberts of Ogden was taken into custody this morning and began to serve three months hard labor in the county jail after having been convicted of having liquor in his possession. In addition to the three months sojourn in jail, Roberts must pay a fine of \$299.

**ARREST ORDERED.**  
Notice that the appeal of Roberts had been dismissed by the supreme court reached Ogden this morning and Judge A. W. Agnew, who imposed the sentence before the appeal, immediately ordered Sheriff H. C. Peterson to place him under arrest.

Records of the case show that if Roberts had "taken his medicine," which was but a fine of \$250, imposed upon him by Judge D. R. Roberts in the city court where he first came to trial, he would have been in much better circumstances than today. Following the trial he insisted that the case be taken to the district court. He was found guilty by a jury and Judge Agnew only increased the fine to \$299, but ordered that he serve three months in the county jail at hard labor. Roberts then appealed his case to the supreme court, but Judge Agnew's decision was upheld and today the remittitur was returned and Roberts compelled to pay the penalty for his offense.

**LIQUOR SEIZED.**  
It is shown in the records of the case that Sheriff H. C. Peterson and deputy sheriffs seized sixteen cases of whiskey on the Roberts ranch in Burch creek and took Roberts into custody at the same time.

It is shown that the officers received their information of the whiskey cache on the Roberts ranch from a man who told the officers that he sold the liquor to Roberts. He is said to have claimed that Roberts "double-crossed" him by giving him a check at the time the liquor was transferred to Roberts and later stopping payment on the check. The man is said to have come to the officers voluntarily and "squealed" in order that he might obtain his revenge. Roberts, he said, thought he was safe after obtaining the liquor, and stopping payment on the check, because he thought the seller would not dare to reveal the transaction.

**CATCH ROBERTS.**  
Acting upon this information the officers allege they went to the Roberts ranch and caught Roberts with the liquor actually in his hands. They said they hid in the brush and saw the liquor transferred to a cache near a stream where the liquor was being hidden.

After the conviction in the city court, Roberts, acting in the city, contrary to the advice of his attorney, D. L. Stine, appealed his case to the district court, employing Attorney A. G. Horn to defend him.

After two trials he was found guilty and was sentenced by Judge Agnew to pay a fine of \$299 and serve three months in the county jail.

## STOCK SHOW IS DONATED \$1000

Members of Ogden Livestock  
Exchange Take Initial  
Step For Second Exhibit

Members of the Ogden Livestock Exchange donated \$1000 for the second annual livestock show, which it is proposed to hold in Ogden next winter, at a meeting held in the Marion hotel last night.

This is the first definite step that has been taken toward exhibition, which when plans were first announced, was to be an annual affair.

The local livestock men said that the success of the first show was so gratifying that immediate steps will be taken to stage a second and larger show here toward the end of this year.

Officers of the Ogden Livestock Exchange are W. L. Norton, president; L. L. Keller, vice president; Andrew Bingham, treasurer; John A. Moffat, secretary.

**Wheat Production**

Will Go Over Normal

Wheat production in Utah and Idaho this year will greatly exceed the total of last year, according to estimates made yesterday at the annual convention of Utah-Idaho Millers' Association in Salt Lake, at which Ogden members of the association were present.

Last year's crop was far below normal. It was explained, while this year's crop will be an average one.

The convention voted that representatives of the association should meet with railroad officials and request that the minimum weight of flour on which railroad rates may be obtained be reduced to pre-war classifications. At present it is 50,000 pounds.

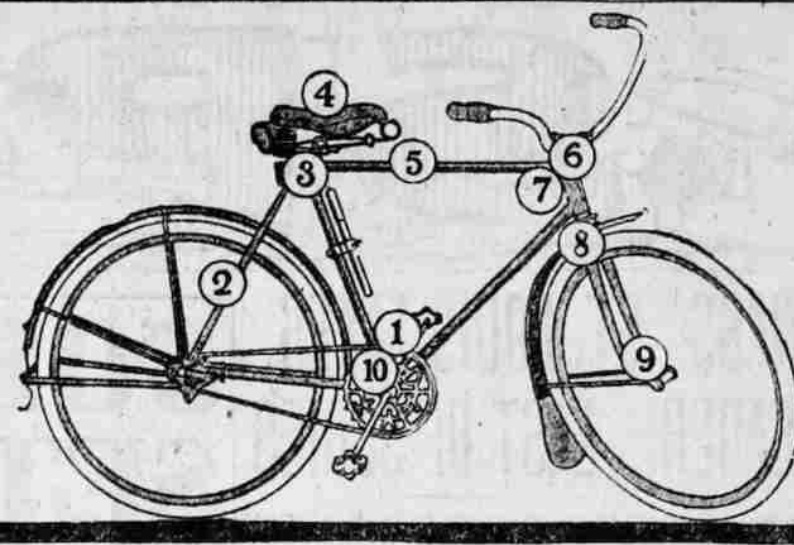

H. H. Blood was re-elected president, E. E. Rich vice president, J. J. Neville treasurer, and Hyrum Benlison, Jr., of Murray secretary.

Sessions were held in the afternoon and morning. In the evening the members of the association went to Saltair.

house in the city at the time of his arrest, and according to Judge Agnew, was evidently bringing the whiskey to his lodging house and selling it. Liquor was also found in the roominghouse as well as on the ranch, it is said.

Deputy Sheriff William Brown took Roberts into custody this morning and took him to the county jail. Sheriff Peterson said following Robert's arrival at the jail that the sentence will be sternly carried out and Roberts must occupy his time with hard work.

## Why the Dayton Costs less to use

THE Dayton Bicycle is built for long service—for hard, steady, every-day riding. That's why the Dayton costs less to use—why it pays to buy a Dayton.

Dayton Bicycles have many points and features of superiority. At every point of stress or strain or wear, the Dayton is extra-reinforced, making it the real bicycle for service. More drop forgings are used

in the Dayton than in other bicycles. Drop forgings cost more than stampings or castings, but wear longer and serve better.

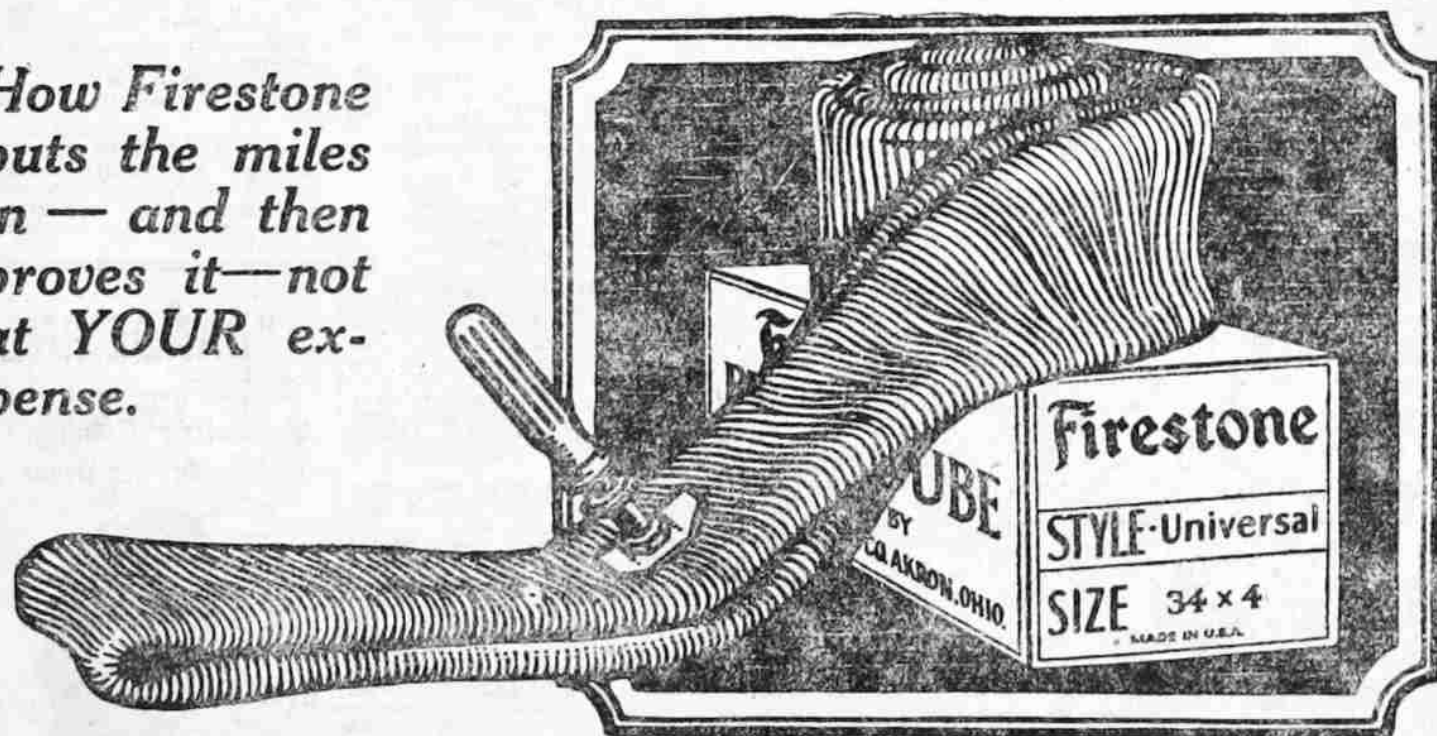

Get the Dayton when you buy your bicycle. Any bicycle will save you time and save you steps. But the Dayton will save you the most! Let us show you the fine, new Dayton models now in stock—for men, women, boys and girls.

## A big-scale road test on 3,200 tubes

How Firestone  
puts the miles  
in — and then  
proves it—not  
at YOUR ex-  
pense.

No other tubes in the world are road tested on so big a scale as Firestones. The Yellow Cab Company of Chicago uses Firestone Tubes exclusively on its 800 taxi cabs. The service of these tubes is checked constantly—improvements and developments are arrived at.

By close watching of a large number of tubes in service—not confined to isolated instances, the conclusions are accurate and definite.

Firestone puts the best in materials into tubes by establishing purchasing experts at Singapore, center of the world's rubber market. Firestone puts the best in workmanship into tubes by organizing the crack manufacturing organization of the industry on a profit-sharing basis.

And then subjects the finished product to this big-scale road test—in order to get you more for your tube money and more miles out of your tires. And yet Firestone Tubes cost no more than the ordinary kind.

## "Aunt Sally—she knew how all right"

WHEN I was small,  
I USED to watch  
AUNT SALLY,  
PUT UP fruit,  
AND VEGETABLES,  
FOR THE winter,  
I REMEMBER how,  
SHE PACKED it all  
IN CLEAN glass jars,  
AND SEALED the tops  
WITH PARAFFIN,  
TO KEEP out  
ALL THE air and keep  
THE JUICY flavor in,  
AND ALL the winter,  
THANKS to her,  
WE HAD the fruits  
OF SUMMER on our table.

SO WHEN I happened,  
ON SOME cigarettes,  
WRAPPED NEATLY UP,  
IN A glassine jacket,  
I DIDN'T think  
IT WAS just for looks,  
BUT RATHER that  
THE EXTRA wrapper,  
KEPT AIR and dampness  
ALL OUTSIDE,  
AND GOODNESS in,  
SO THAT'S another  
BLAME GOOD reason why  
"THEY SATISFY."

QUITE right, that neat glassine jacket isn't just for looks. It protects your Chesterfields from the weather—seals in the flavor of those wonderful Turkish and Domestic tobaccos—keeps them in prime shape for smoking! Rain or shine, winter or summer, Chesterfields always "satisfy!"
